	Pro	\$1,500
In car dash kit	1997 - 00	\$1,290
	single DIN	\$1,290
	2001 - on	\$1,290
In car kit includes factory fitting genuine parts		

<b>Note 1</b>	*NOTE: MUST be FACTORY fitted 6 Speed.
<b>Note 2</b>	User Tune is only Available to limited Clients - It allows a varying amount of adjustment to be made to the base tune. This is stored in the SHORT term memory and is untraceable once removed. ALL WARRANTY VOID if enabled. Also requires Delta dash in car kit or PC kit to access new feature
<b>Note 3</b>	Map switching option, requires no hard mods, all done via factory fitted switches and totally stealth available to type 2 upgrades or higher. Except where noted in "Tune notes"
<b>Note 4</b>	Depending on your local reseller and your modifications reprogramming your ecu without your car may or may not be available
<b>Note 5</b>	The minimum level for this model is type 2, due to its complex ECU and options. (Standard or modified)
<b>Note 6</b>	Chassis codes are indicative, for more data, refer web site or MRT Performance. ("W" refers to wagon model, "MY" refers Model Year) <b>NOTE</b> this is NOT the VIN number. Code exists on Passenger strut tower under bonnet
